Can you think of a name for your dragon?

Sound Effects.

Try getting your child to add sound effects to the story when you read the book.

Five Little Dragons.

To the tune of Five Little Ducks.

*Five little dragons went out one day,
over the hills and far away.
Mother dragon said, "It's time for your snack,"
only four little dragons came roaring back.*

Repeat the verse and count down to one little dragon,
At the end sing, "**No little dragons came roaring back.**"
