

For family or friends who
step up to raise a child.

Free online workshops

Our workshops are here to support all kinship carers - anyone raising the child of a family member or friend.

You can attend as many as you like, on many different topics:

Practical

- financial support
- understanding different care arrangements
- working with local authorities

Education

- supporting your kinship child at school
- overview of the EHCP and SEND process
- how to keep your child safe online

Contact

Managing contact with birth parents and family members - practical tools and the emotional journey.

Emotions

- understanding trauma and attachment
- managing emotional challenges as a kinship carer

Communication

- managing challenging behaviour
- preparing for sensitive conversations
- life story work

Substance abuse

- understanding drug and alcohol misuse
- understanding fetal alcohol spectrum disorder (FASD)
